## THANK YOU TO OUR SOCIETY'S COMMITTEE MEMBERS

The Meteoritical Society (Met Soc) would like to extend its sincere thanks to all those members who are serving on society committees this year. We have listed their names below, with the names of the committee chairs in bold. Without the generous help of these members, the Met Soc could not function. We greatly appreciate their help!

<b>2022</b>	<b>Perth (Australia)</b>	3–8 July
<b>2023</b>	<b>Brussels (Belgium)</b>	Dates TBD

## METSOC 2020

As the Covid pandemic continues to advance around the world it is clear that the Glasgow meeting, originally scheduled for August, will need to be rescheduled to another year. Please bear with us as the society adjusts its schedule of annual meetings to respond to the pandemic. It takes years to organize an annual meeting and moving all scheduled meetings is difficult but essential for the safety of our members and their communities. We will announce the rescheduling of annual meetings once arrangements have been finalized and Council has approved the revised schedule.
