

International Association of Geochemistry

www.iagc-society.org

THE 3rd IAGC INTERNATIONAL CONFERENCE Save the Date!

The 3rd IAGC International Conference will be held in Cagliari, Italy on 16–21 June 2025. This meeting will include the 18th Water-Rock Interaction Working Group Meeting (WRI-18), the 15th Applied Isotope Geochemistry Working Group Meeting (AIG-15), Urban Geochemistry sessions, and celebration of the 20th Anniversary of *Elements Magazine*. Abstract submissions and registration are open! Visit <https://sites.unica.it/wri-18/> to learn more.

Call for Applications: Co-Executive Editor for *Applied Geochemistry*

The IAGC is looking for an engaged and accomplished scientist in geochemistry or a related field to join the Elsevier *Applied Geochemistry* Editorial Board.

Position: Co-Executive Editor

Journal: *Applied Geochemistry*

Application Deadline: October 31, 2024

Start Date: January 1, 2025

Term: Three years, renewable

View the Call for Application details including position roles and responsibilities, qualifications, and application process on the IAGC Website.

This role offers a unique opportunity to shape the future of *Applied Geochemistry*, influence geochemical research, and disseminate groundbreaking discoveries. An overlap period with the current Executive Editor ensures a smooth transition and shared learning experience.

We encourage all qualified individuals to apply and contribute to shaping the future of our journal. The IAGC is committed to both gender and geographic diversity. We look forward to receiving your application.

IAGC Award Nomination Period is Open

The IAGC 2025 Award Nomination Period is open until December 31, 2024. We encourage IAGC members to nominate peers and colleagues who engaged in service and made significant contributions to the advancement of geochemistry or to the IAGC. The IAGC will be accepting nominations for the following awards:

Ebelmen Award – bestowed to a geochemist of particular merit and outstanding promise less than 35 years old at the time of nomination.

The Harmon Distinguished Service Award – bestowed to a deserving candidate to recognize outstanding service by an IAGC member to the Association or to the geochemical community that greatly exceeds the normal expectations of voluntary service.

The Kharaka Award – bestowed to deserving scientists (which may include senior graduate students) from countries with traditionally strong geochemistry programs. The award consists of a framed certificate plus an IAGC membership and *Applied Geochemistry* subscription for a term of three years.

Jin Jingfu Lecturer – bestowed to an early career geochemist who has contributed to a single geochemical research topic through one or a series of publications, resulting in a measurable impact in their discipline. The lecture is to be presented at an IAGC International Conference.

IAGC Fellow – bestowed to a scientist who has made significant contributions to the field of geochemistry.

Visit the IAGC website to read more about the awards, download the nomination form, and learn about the nomination process.
