

Elements

An International Magazine of Mineralogy, Geochemistry, and Petrology

Volume 20, Number 6 • December 2024

Elements is published jointly by the Mineralogical Society of America, Mineralogical Society of the UK and Ireland, Mineralogical Association of Canada, Geochemical Society, The Clay Minerals Society, European Association of Geochemistry, International Association of GeoChemistry, Société Française de Minéralogie et de Cristallographie, Association of Applied Geochemists, Deutsche Mineralogische Gesellschaft, Società Italiana di Mineralogia e Petrologia, International Association of Geanalysts, Polskie Towarzystwo Mineralogiczne (Mineralogical Society of Poland), Sociedad Española de Mineralogía, Swiss Geological Society, Meteoritical Society, Japan Association of Mineralogical Sciences, and International Association on the Genesis of Ore Deposits. The magazine is provided as a benefit to members of these societies.

Elements is published six times a year. Individuals are encouraged to join any one of the participating societies to receive *Elements*. Institutional subscribers to either of the following journals—*American Mineralogist* and *Canadian Journal of Mineralogy and Petrology*—also receive one copy of *Elements* as part of their subscription. Institutional subscriptions are available for US\$185 (US\$200 non-US addresses) per year in 2024. Contact the Executive Editor (editor@elementsmagazine.org) for information.
